DEPARTMENT OF PUBLIC WORKS

Community Benefits Plan Public Components

Construction in Right of Way

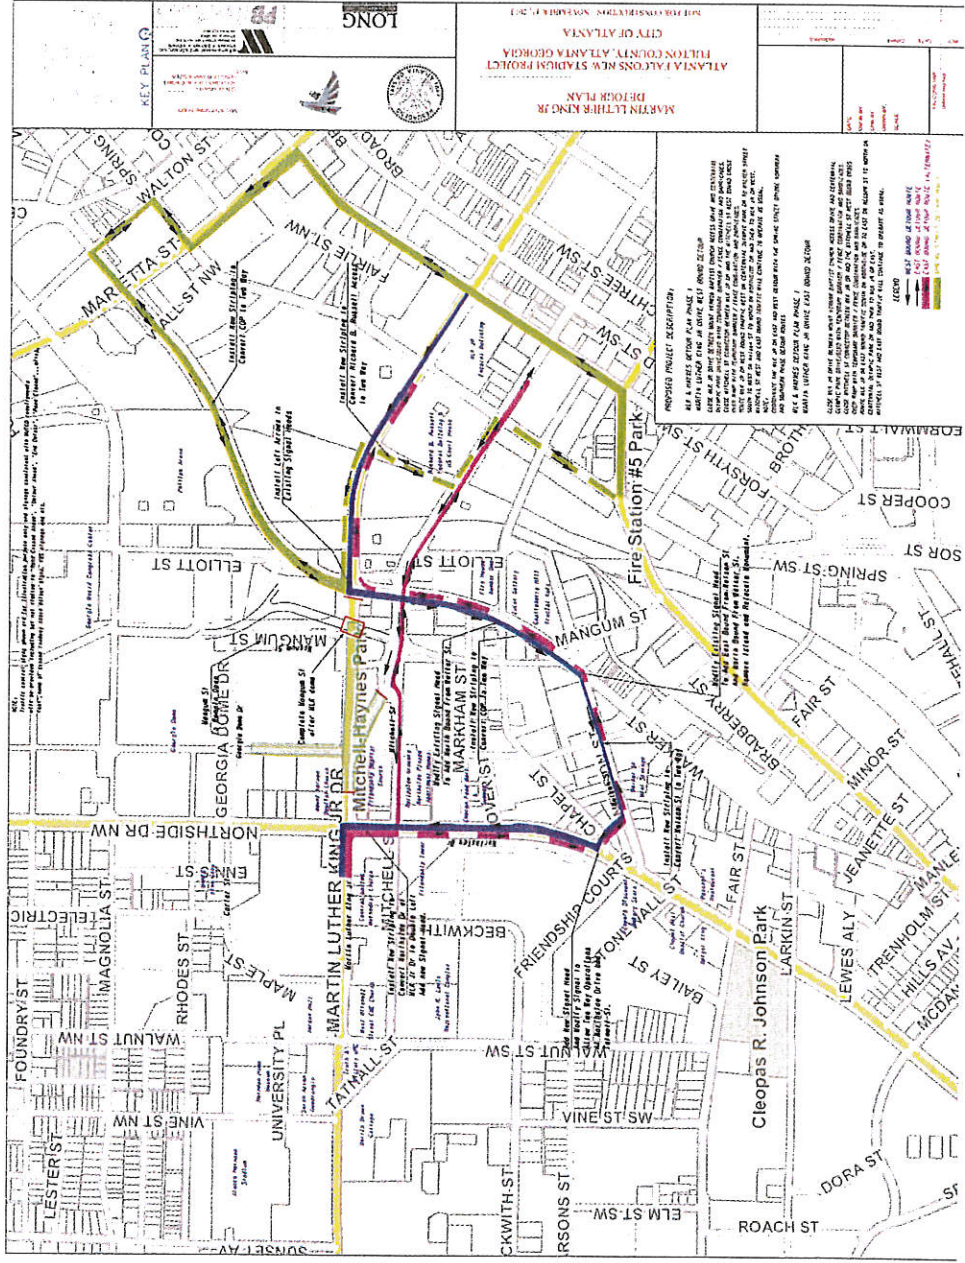

- Operation Hours on Major Thoroughfares
 - 9:00am – 4:00pm and 6:00pm – 10:00pm Monday to Friday
- Work during rush hours must be approved by Commissioner of Public Works
- Noise Ordinance – Any entity performing construction or other activities in the public right-of-way must comply at all times with the City’s Noise Control Ordinance, Chapter 74, which regulates noise within the City. However, the Commissioner of Public Works may grant a temporary variance from noise restrictions to an applicant when doing so is in the best interest of the City. Normal construction hours without a temporary variance is 7am to 7pm on weekday and 9am to 7pm on a weekend day.
- Permits/Approvals required for the following
 - Detour Route
 - Material Haul Route – Route has not been submitted
 - Construction Staging
 - No staging of materials or equipment is allowed within the right of way unless granted permission by the Commissioner of Public Works
 - Construction parking is not allowed in the right of way

Operations

- Traffic Management
 - All traffic control must adhere to the standards set forth by the Manual on Unified Traffic Control Devices (MUTCD) and be approved by the Department of Public Works.
 - Contractors must provide uniformed officers on major thoroughfares, at signalized intersections and full street closures.
- Sanitation Plan
 - Public Works cleans the right of way within 2-3 hours after all Falcons games.
 - Construction Contractor is responsible for maintaining safe and clean work site.
 - All site work requires construction entrance
 - Street sweeping
