AFFORDABLE APARTMENTS AVAILABLE IN THE CITY OF ATLANTA

The Atlanta Development Authority (ADA) welcomes families and singles to live in our wonderful city, Atlanta. Whether you are planning to stay for a few months or plan to make Atlanta your new home, finding affordable housing will probably be one of your most immediate needs. To make your job easier, we have compiled a list of apartment communities in the City of Atlanta that offer affordable rents and where we know vacancies exist. Each community is operated separately so you will need to contact each of them to find out what specials might exist and to go through their application process. If you have questions, call us at (404) 330-6995 or send an email message to housing@atlantada.com.
