Invest Atlanta intends to utilize available Westside Tax Allocation District (“Westside TAD”) tax increment to provide gap financing for redevelopment and capital projects in the Westside TAD. Invest Atlanta invites qualified developers, property owners, business owners and project sponsors seeking to develop catalytic projects and/or improve eligible property within the Westside TAD to apply for grant funding from one of three primary programs:

- Ascension Fund Grant
- Resurgens Fund Grant
- Downtown Façade Improvement Grant

TAD BACKGROUND AND REQUIREMENTS

INVEST ATLANTA

The Atlanta Development Authority d/b/a “Invest Atlanta” is created and exists under and by virtue of the Georgia Development Authorities Law. It was activated by a resolution of the City of Atlanta Council and currently operates as a public body corporate and politic and instrumentality of the State of Georgia. Invest Atlanta was established to promote the revitalization and growth of the City and serves as the City’s redevelopment agency, pursuant to the Redevelopment Powers Law, for implementing redevelopment initiatives within the City’s ten tax allocation districts.

WESTSIDE TAX ALLOCATION DISTRICT

The Westside TAD is located in the center of the city of Atlanta and includes the western portion of the central business district (“Downtown”) and adjacent neighborhoods to the west. This area is highly accessible, served by multiple MARTA stations, three interstate highways, and the Atlanta Streetcar. The area of the TAD within Downtown is characterized by high-density commercial development and is home to the Georgia World Congress Center, Phillips Arena, the Georgia Dome which will be replaced by the new Mercedes-Benz Stadium and Centennial Olympic Park and its surrounding tourism and entertainment facilities. Opportunities exist for redevelopment of underutilized office buildings and surface parking lots. The neighborhoods of Vine City and English Avenue to the west are historic single-family communities which have experienced disinvestment and population decline over the past several decades.

WESTSIDE TAD OBJECTIVES

In 1992 the City of Atlanta, Fulton County, and the Atlanta School Board passed resolutions creating the Westside Tax Allocation District, establishing Invest Atlanta as the City’s Redevelopment Agent and, in the case of the County and School Board, consenting to the inclusion of their respective portions of all ad valorem tax increments created within the Westside TAD and the application of those tax increments to pay certain qualified redevelopment costs. As Redevelopment Agent, Invest Atlanta is responsible for promoting positive development within the Westside TAD and administering the TAD financing process.

The Westside TAD was created in anticipation of the 1996 Olympic Games and as a mechanism to better capitalize on its legacy and transformative public infrastructure investments like Centennial Olympic Park and to facilitate the redevelopment of the long neglected western portion of downtown. The Westside TAD was amended in 1998 to include the historic neighborhoods of Vine City and English Avenue. Objectives of the [Westside TAD Redevelopment Plan](#) include: capitalize on the opportunity to revitalize land surrounding Centennial Olympic Park; foster the development of connections between the Central Business District, Clark Atlanta University Center, the Georgia Tech Campus, and adjoining neighborhoods; develop infill projects to eliminate development gaps; remove blighted conditions and expand redevelopment efforts to Vine City and English Avenue as well as the fragmented commercial/warehouse districts.

More specifically, the Westside TAD seeks to foster a livelier Downtown and ameliorate poverty in surrounding neighborhoods. This will require investments that:

- Nurture a vibrant and connected Downtown by:
 - Enhancing Downtown tourism and building an entertainment core
 - Retaining and creating jobs
 - Supporting a vibrant office and retail core, including neighborhood retail for residents
 - Supporting new housing for a mix of income levels
 - Linking assets via transportation / pedestrian improvements
- Reduce socio-economic distress in surrounding neighborhoods by:
 - Providing community amenities for low-income residents
 - Reducing the high crime and poverty rates
 - Reducing the high housing vacancy rate and redeveloping dilapidated housing stock

TAD REQUIREMENTS

All TAD funding requests are grants that are distributed on a reimbursement basis, after Invest Atlanta receives the appropriate documentation evidencing that eligible capital costs have been incurred. The Georgia Redevelopment Powers Law (O.C.G.A. TITLE 36 Chapter 44) states that eligible uses of TAD funds include:

- Capital costs, including the costs incurred or estimated to be incurred for the construction of public works or improvements, new buildings, structures, and fixtures; the renovation, rehabilitation, reconstruction, remodeling, repair, demolition, alteration, or expansion of existing buildings, structures, and fixtures; the acquisition of equipment; and the clearing and grading of land;
- Professional service costs, including those costs incurred for architectural, planning, engineering, financial, marketing, and legal advice and services;
- Real property assembly costs.

The Westside TAD was created by the City of Atlanta and as such, applicants seeking funding shall address the City of Atlanta's EBO and SBE objectives. The City has adopted the Equal Business Opportunity Ordinance, City of Atlanta Code of Ordinances 2-441, *et seq.* and a Small Business Opportunity Program, City of Atlanta Code of Ordinances Section 2-1356, *et seq.* Thus, Invest Atlanta strongly encourages applicants to use good faith efforts to promote opportunities for small, local and diverse businesses, including Minority Business Enterprises ("MBE"), Female Business Enterprises ("FBE") and Small Business Enterprises ("SBE") to compete for business as subcontractors, sub-consultants and/or suppliers. For an MBE, FBE or SBE to be recognized as such on the project, said MBE, FBE or SBE must be certified for inclusion in the City's Equal Business Opportunity (EBO) and/or SBE Programs with the Office of Contract Compliance. Eligible companies must be located within one of the following twenty county areas to be considered for certification in the City's EBO and SBE Programs: Barrow, Bartow, Carroll, Cherokee, Clayton, Coweta, Cobb, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Henry, Newton, Paulding, Pickens, Rockdale, Spalding and Walton counties.

Companies interested in obtaining applications for certification should contact:
